

WATER | GRAVEL | SEPTIC

SEPTIC SERVICES

Waste removal services. 24 hours a day, seven days a week, satisfaction guaranteed.

Rebel Heart's management team has over 30 years of vacuum truck experience. We have taken our where-ever and when-ever attitude, and applied it to our waste removal services. Our pumps provide superior suction with an oil-free vacuum chamber to ensure you receive a much cleaner service.

Combine your Potable water and Septic services with Rebel Heart.

Now let the same friendly and experienced Rebel Heart team handle your septic and potable water needs. By combining water and septic services you can ensure peace of mind and ease of operation. Not only do you get the same anytime/anywhere premium service that Rebel Heart customers expect, you also get the same reliability and accountability that Rebel Heart guarantees.

- ▶ All Rebel Heart operators are fully qualified and possess all required certifications needed to get your job done safely.
- ▶ We use the latest software to link our departments. This ensures that your service arrives on-time and that your bills are 100% accurate.
- ▶ With digital flow-meters, TITAN GPS tracking, and cloud technology, our drivers can provide you with real-time logistical data.

At Rebel Heart Trucking, we are a proud member of the Alberta Onsite Wastewater Management Association.

The Rebel Heart difference.

All Rebel Heart operators are fully qualified and possess all required certifications needed to get your job done safely. We have a strong safety culture, including a daily mandatory Field Level Hazard Assessments and Safe Work Procedures review.

Rebel Heart uses the latest communications software to link our departments. This ensures that your services arrive on-time, and that your bills are 100% accurate. With GPS tracking, and cloud technology, our drivers can provide real-time logistical data, ensuring you know where everything is at all times.
